

PABLO PEREIRA

Meteorologist

PROFILE

I love my job! I am an award winning, seasoned Meteorologist. Planning and presenting live weather forecasts for broadcast and digital platforms. Expert in live breaking weather including accurate and timely severe weather coverage that saves lives. Specializing in breaking weather including fire, earthquakes, chemical and climate. My forecast are both scientific and easy to understand weather stories, designed to educate viewers. I take an active role in the design and implementation of the overall look and design of station weather.
